

TikTok

Please take care if you allow your child to use TikTok as we have had a few children having issues when using this app.

Advice from Durham Police

TikTok is a social app, meaning it does present a number of potential dangers to young users especially, in the same way any social app that allows you to connect with strangers does..

The TikTok app is not suitable for and not meant for children under 13 years of age.

Just a reminder about Lip balm/creams in school.

We were made aware that many lip balms/creams contain nut oil and for this reason they will not be allowed in school as we have children in school with nut allergies- **The only one that is nut free, is the one produced by Vaseline and is in a little blue and white tin.** For hygiene reasons lip balms/creams should not be shared with others– please remind your children of this. PLEASE DO NOT BRING ANY OTHERS INTO SCHOOL. Thank you

Letters that have gone home this week – paper copies or via email
